September 10, 2009

Dear North Park Families,

I am happy to report that the first day of school is going very smoothly and your children are already working hard!

As you know, President Barack Obama made a short speech to the school children in America yesterday. We will be airing the 15 minute speech in computer classes for grades 2-5 over the next week. I have a copy of the text and can send home a copy for you if you wish.

Thank you!

Sincerely,

Lisa Hecht  
Principal
